INTRODUCTION

The MCA Department webpage is designed to provide information about the Master of Computer Applications program. This project is a Resume Website made using HTML and CSS. HTML is used to create the structure like name, education table and skills. CSS is used to make the website look neat and professional with colors and styles. The main aim is to show my details online in a simple way.

INPUT CODE

```
<!DOCTYPE html>
<html>
<head>
  <title>My Resume - Vishnu Reddy</title>
  <style>
    body { font-family: Arial; background: #eee; }
    .box { width: 700px; margin: auto; background: white; padding: 20px; }
    h1 { text-align: center; background: #333; color: white; padding: 10px; }
    h2 { color: #333; border-bottom: 2px solid black; }
    table { width: 100%; border-collapse: collapse; margin-top: 10px; }
    th, td { border: 1px solid rgb(88, 131, 167); padding: 10px; text-align: left; }
    th { background: black; color: white; }
  </style>
</head>
<body>
  <div class="box">
    <h1>Vishnu Reddy</h1>
    <p style="text-align:center;">MCA Student | Aspiring Software Developer</p>

    <h2>Objective</h2>
    <p>To obtain an entry-level position as a Software Developer where I can apply my
knowledge of coding, programming and database management and improve my skills.</p>

    <h2>Education</h2>
    <table border="1">
      <tr>
        <th>Course</th>
        <th>College</th>
        <th>Year</th>
        <th>Marks</th>
      </tr>
      <tr>
        <td>MCA</td>

Conclusion:

We have successfully created a simple resume website. This project helped me learn basic HTML tags like table and CSS styling. This website is useful for sharing my profile for jobs and internships.
